California Architects Board

Title 16, California Code of Regulations
Division 2, California Board of Architectural Examiners
Article 3, Examinations
Section 124

SECTION 100. CHANGE WITHOUT REGULATORY EFFECT

Pursuant to Title 1, Division 1, Chapter 1, Article 2, Section 100(b)(3), of the California Code of Regulations (CCR), the California Architects Board (Board) hereby submits this written statement explaining why the proposed amendments to section 124 of Title 16 of the CCR do not materially alter any requirement, right, responsibility, condition, prescription, or other regulatory element of any CCR provision.

Subject to the approval of the Office of Administrative Law (OAL), the Board would like to amend the text as follows:

Amend Section 124 subsection (b) California Supplemental Examination

The Board proposes an amendment to 16 CCR 124(b) by striking the "(2)" from the reference to "Section 116(b)(2)". CCR section 116 was amended under OAL matter number 2025-0626-03 and as a result no longer has a subpart (2). Even with the change, CCR section 116(b) still provides the necessary information in reference to the California Supplemental Examination eligibility requirements, but the reference to subpart "(2)" is no longer accurate.

Even after the proposed amendment CCR 124(b) will still point to where candidates can look to view the eligibility requirements for the California Supplemental Examination.

The Board requests the amendment of 16 CCR 124(b) to revise the cross reference because the current regulation is inconsistent with the approved amendments to CCR section 116. Thus, the Board's proposed amendment should be considered a change without regulatory effect.
