Authority and Reference

Pursuant to the authority vested by Section 5526 of the Business and Professions Code, and to implement, interpret, or make specific Sections 5550 of said Code, the Board is considering changes to Division 2 of Title 16 of the California Code of Regulations as follows:

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Section 5526 of the Business and Professions Code authorizes the Board to adopt, amend, modify, or repeal rules and regulations as are reasonably necessary to carry into effect the provisions of the Architects Practice Act. Section 5550 authorizes the Board to entitle architect applicants to an examination for a license to practice architecture.

Amend Section 124 – California Supplemental Examination

Existing regulation specify that the California Supplemental Examination (CSE) shall consist of direct examination by an oral examination panel covering the practice of architecture. This proposal would: 1) amend the requirement that the examination be in an oral format; 2) detail the method to apply and reapply for the CSE; and 3) require a candidate who fails the examination to wait a fixed amount of time before being able to take the examination again.

The Board anticipates a savings in costs related to the development and administration of the California Supplemental Examination.

None

Cost to Any Local Agency or School District for Which Government Code Sections 17500-17630 Requires Reimbursement

Business Impact

The Board has made an initial determination that the proposed regulatory action will not have a significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with business in other states, because it affects only architect applicants.

Impact on Jobs/New Businesses

The Board has made an initial determination that this regulatory proposal will not have any impact on the creation of jobs or new businesses or the elimination of jobs or existing businesses or the expansion of businesses in the State of California because it affects only architect applicants.

Cost Impact on Representative Private Person or Business

The Board has made an initial determination that there will be a potential savings to a representative private person or business due to a reduction in potential travel time to examination and reduced time off work.

Effect on Housing Costs

None

Effect on Small Business

The proposed regulatory action will not affect small businesses, because it affects only architect applicants.

CONSIDERATION OF ALTERNATIVES

The Board must determine that no reasonable alternative it considered to the regulation or that has otherwise been identified and brought to its attention would either be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposal described in this Notice.

Any interested person may present statements or arguments orally or in writing relevant to the above determination at the above-mentioned hearing.
