INFORMATIVE DIGEST

A. Informative Digest

Section 5526 of the Business and Professions Code authorizes the Board to adopt, amend, modify, or repeal rules and regulations as are reasonably necessary to carry into effect the provisions of the Architects Practice Act. Sections 5550, 5552, and 5552.5 entitle any person who meets the qualifications set forth in the article to an examination for a license to practice architecture subject to the rules and regulations governing examinations and authorizes the Board to implement an intern development program.

B. Policy Statement Overview/Anticipated Benefits of Proposal

Amend CCR Section 121 – Form of Examinations; Reciprocity

The existing regulation only permits candidates licensed as an architect in a Canadian province who hold a current and valid National Council of Architectural

Registration Boards' (NCARB) Certificate or licensed in the United Kingdom who hold an NCARB Certificate issued on or before December 31, 1996 to be eligible for the California Supplemental Examination (CSE). This proposal will grant applicants from foreign countries, who have been issued an NCARB Certificate by having successfully completed NCARB's Broadly Experienced Foreign Architect (BEFA) Program, eligibility to take the CSE. The proposal will subsequently eliminate an inequity which exists related to eligibility to take the CSE and foreign reciprocity.

C. Consistency and Compatibility with Existing State Regulations

This Board has evaluated this regulatory proposal and it is neither inconsistent nor incompatible with existing state regulations.
